

Geoprobe® Field Demonstration

Agricultural Field near the Campus of UC-Davis • Davis, California

You're invited to a special Field Demonstration on the campus of UC - Davis. It's your opportunity to see the newest machines and tools Geoprobe Systems® has to offer.

Team Geoprobe will be demonstrating the newest dual tube sampler ... the DT325 Soil Sampler ... and the new MCS Soil Sampler and more! Also on display will be the new HPT (Hydraulic Profiling Tool) System, 2.25 in. Probe Rods, and Light-Weight Center Rods.

Don't miss this opportunity!

Area near UC-Davis Campus

We look forward to seeing you,
your co-workers,
consultants, and guests.
